# 15 Import File

Click "Import" File"

# 16

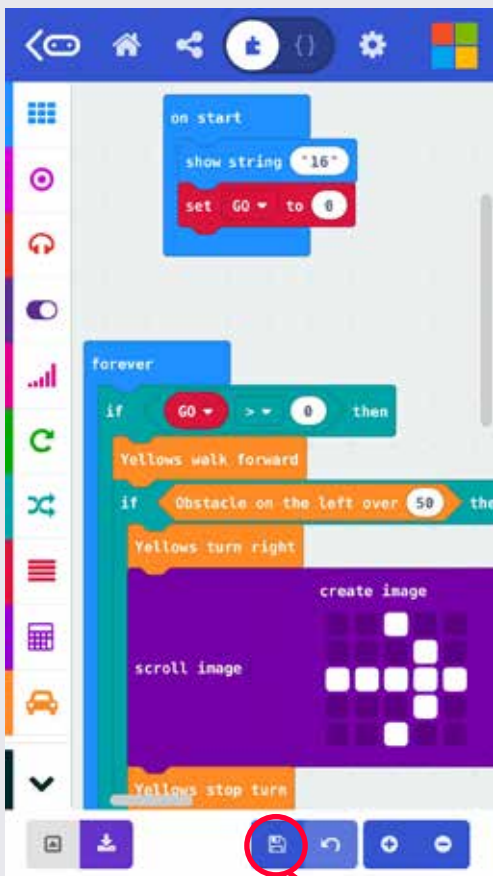

Click "Choose File"

Click drop down menu.

17

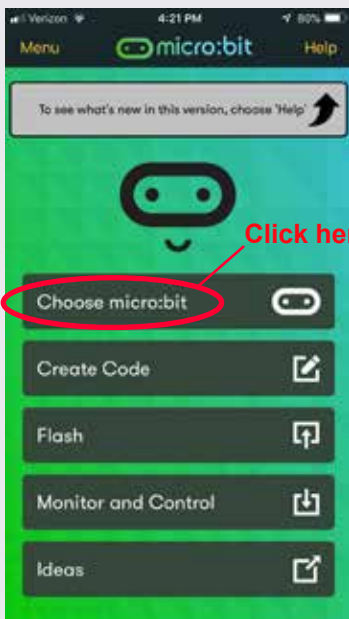

Click here

18

Click "Home"

19

Click here

&

**22**

Install the micro:bit as shown below.

**Pairing Mode:**

Obtain the plastic reset tool (A14) to press the reset button.

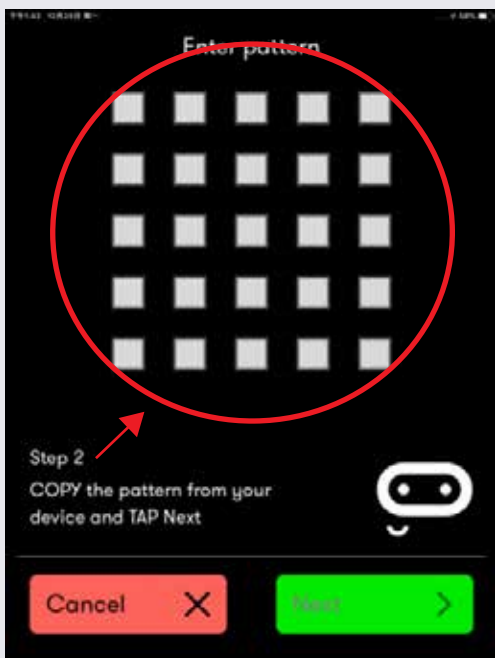

**23**

Hold down the A,B and reset buttons simultaneously, then only release the reset button. Release the A to B once the LED screen has filled and you see the Bluetooth logo. 

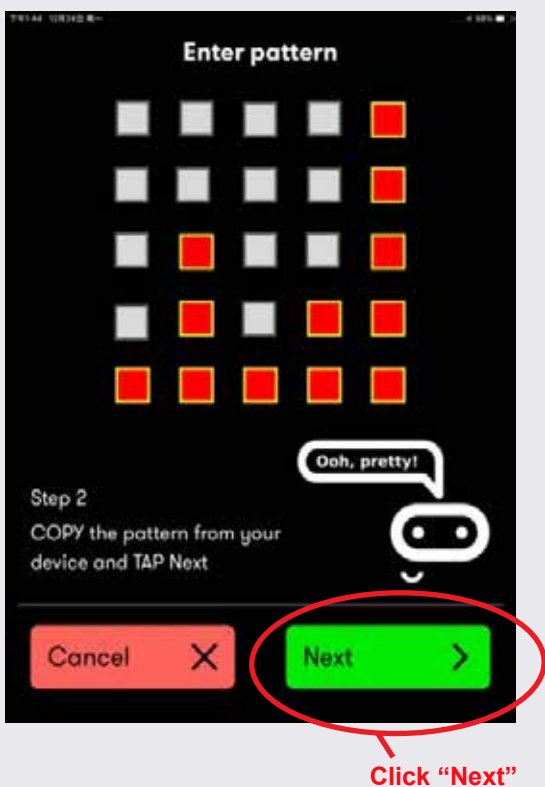

The LEDs display a random pattern.

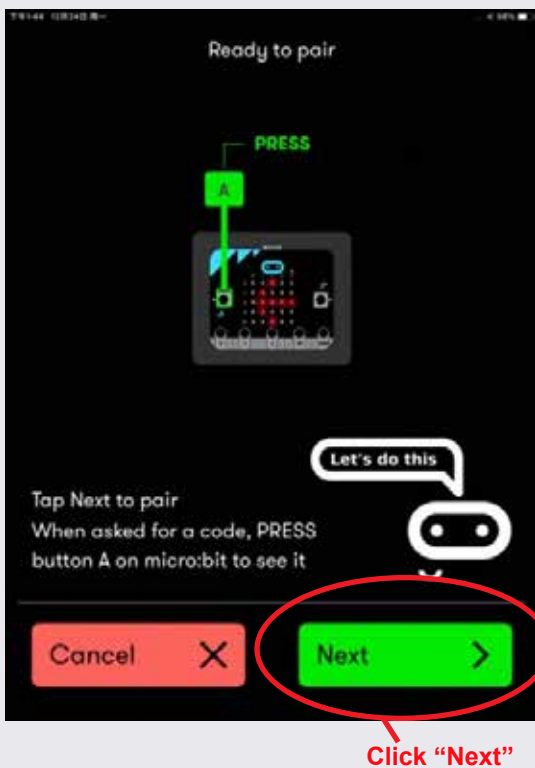

## 24 Copy pattern
